AESTHETICALLY APPEALING, HIGHLY FUNCTIONAL, HAND-CRAFTED STAINLESS STEEL KITCHEN AND HOME ACCESSORIES THAT COMPLIMENT ANY DÉCOR

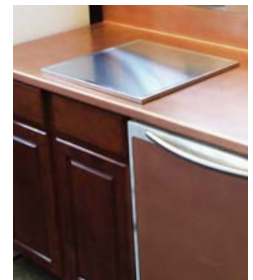

Brewerton, NY – When adding finishing touches to today's upscale kitchens, many homeowners choose accessories that are aesthetically appealing, as well as being highly practical. Frigo Design, a nationally renowned designer and fabricator of specialty metal products, including stainless steel and copper countertops and appliance facades, is proud to launch a new, impressive collection of "Stainless Steel Kitchen Essentials," and "Stainless Steel Home Products" the perfect accompaniments for creating a lustrous home environment.

Expertly hand-crafted, the Frigo Design collection adds an elegant look to essential kitchen accessories, including Stainless Steel Culinary Carts, Stainless Steel Etched Cookware

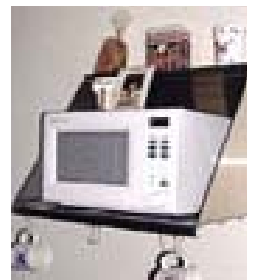

Racks, Stainless Steel Cookbook Shelves, Stainless Steel Baker's/Food Preparation Boards, Stainless Steel Etched Trivets, Stainless Steel Paper Towel Racks, Stainless Steel Microwave Shelves, and even a Stainless Steel Etched Kitchen Clock.

In addition, Frigo Design's stainless steel line has broken out of the kitchen with the unveiling of its unique, stylish Stainless Steel Home Products Collection, which features an All Stainless Steel Rust-Resistant Mailbox and an All Stainless Steel, Rust-Resistant Utility Cart that is

perfect for indoor or outdoor use. The cart makes the ideal companion for the barbecue area, as stainless is the best antibacterial food preparation surface. Its non-corrosive properties allow the cart to be left out in any weather.

"Stainless steel continues to be the number one choice in kitchen decorating because of its sleek, stylish look, and lasting quality," said Alan Isaacs, Frigo Design's Vice President of Marketing Sales. "In creating our eye-catching line of Stainless Steel Kitchen Essentials, we identified products that were both indispensable and functional for contemporary kitchens, and added a unique touch of design to them with hand-crafted, superior quality stainless steel. These kitchen fundamentals will compliment and enhance the décor of any kitchen."

According to Isaacs, stainless steel is perfect for people who are serious about cooking. The surface is easy to clean, as well as being heat and stain resistant. "We crafted extremely attractive accessories for the kitchen that any homeowner would be proud to display," he commented. "The laser-etched designs on many of our pieces are done with exacting precision and produce an exceptionally sophisticated look. Customers can even opt to personalize many of these items by having their monograms etched into the metal."
